

Why Rock Face

More space available Maintaining the character of the stone and saving space as space is required just a few centimeters thick.

Ease of installation Ease of installation, due to the small thickness of the stone.

Physical Sense Completely natural result, as all the characteristics of the stone are preserved.

Economy Low transport costs

Production Stages:

1.

Mining

2.

Stone
breakin

3.

Color selection

4.

Cutti

5.

Final
screening

6.

Packaging

7.

Order
control

8.
